The traditional Lower Bavarian company presents four drinking glasses and a vase series from its extensive portfolio, which are perfect for various summer occasions. From informal and uncomplicated get-togethers in a cozy atmosphere to more extravagant occasions with fine, high-quality glasses; because every situation needs the right glass.

Which glass to choose for a summer wedding or a birthday party in a garden location? And which glasses are suitable for a barbecue with friends?

Zwiesel Glas provides answers with the Vervino, Pure, Vivid Senses and Spirit series. In addition, the different coloured "Dialogue" vases and lanterns are a real eye-catcher on any summer table setting. If glasses are used outdoors, they definitely have to be one thing: suitable for the garden. Zwiesel glasses are suitable for both special and everyday moments because they are dishwasher-safe on the one hand and stable and resistant on the other, made from high-quality Tritan® crystal glass. The glasses also retain their brilliance for a long time.

Vivid Senses makes modern wine enjoyment very simple: with just five glass shapes, this range covers all wine styles. It doesn't matter whether it's red wine, white wine or rosé. The minimalist and delicate design of the glass series and its modern aesthetics are also ideal for cocktails and mocktails, e.g. for the next boozy brunch.
